SATURDAY

Gravel rides. Good eats. Rockin' blues.

Courses and refueling stations are subject to change

All of Saturday's rides include paved roads and gravel. These courses are designed to be ridden with a gravel, mountain, or hybrid bike. WE DO NOT recommend road bikes for these courses, although it is possible to use a road bike on the Katy Classic.

HAMBURG HAMMER (Approx. 32 Miles)	Intermediate	1,106	This route starts through Chesterfield Valley to the Katy Trail but takes a detour through Busch Greenway and the Hamburg Trail for some climbing and moderate gravel. If you like the Big Hitter, Metric, or even the Century, but want to dirty up your gravel bike instead, this ride is for you.	3	Date of registration 3/2-7/1 7/2-9/27 \$500 \$750

- All rides begin and end at the Chesterfield Amphitheater.
- Don't worry. If you sign up for a longer distance, and you don't feel like a rock star on ride day, we will provide safe options for you to shorten your course.
- Want an extra challenge? Register to ride Saturday AND Sunday! You'll help us go the extra mile (or several extra miles!) toward a world without cancer.
